IBM

July 1981 – Present (34 years 11 months)

I explore Emerging Technology

1 recommendation

**Ken Coar**

Principal Application Software Engineer at Red Hat, Inc

Sam is my primary touchstone for 'what would a sane person think?' His responses, regardless of how speedily they're returned, always seem well-considered and thought out in depth. I can always rely on him to tell me, politely, when I'm off-base. ... [View](#)

#### Education

##### Christopher Newport University

BA, Math

1979 – 1981

Sam Ruby

## STSM

IBM

### Ken Coar

Principal Application Software Engineer at Red Hat, Inc

“ Sam is my primary touchstone for 'what would a sane person think?' His responses, regardless of how speedily they're returned, always seem well-considered and thought out in depth. I can always rely on him to tell me, politely, when I'm off-base. Plus he has a wicked triple brut sense of humour.

July 23, 2007, Ken worked directly with Sam at IBM
